PLOT PLAN

This is to certify that a soil investigation and on-site investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The soil investigation was conducted on that portion of the lot as indicated on the above plot. PROVISIONALLY SUITABLE The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions.

1. A permit to install, construct, alter or repair the specific system shall be obtained from the Mecklenburg County Department of Environmental Health prior to the beginning of any construction. Plans for the wastewater treatment system on the said lot
2. The size of the septic tank wastewater treatment system which may be installed shall be determined by the Mecklenburg County Department of Environmental Health prior to the issuance of the permit, and shall be based on the size and type of building proposed thereon.
3. This approval shall only apply to the system as outlined in the memorandum and shall be void if system installation on the above plot
4. This approval shall only apply to the system as outlined in the memorandum and shall be void if system installation is performed by anyone other than a person who has successfully met the requirements established in the Rules and Regulations of the Mecklenburg County Department of Environmental Health governing the certification of sewage system installers and who is duly certified as acceptable for system installation and is responsible for the installation in accordance with the plans and specifications for such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.
