14. SEPTIC SYSTEM PERMIT APPLICATION:

If the information in this application is falsified, changed, or the site is altered, then the Improvement Permit and Authorization to Construct shall become invalid. I have read this application and certify that the information provided herein is true, complete and correct. Authorized county and state officials are granted right of entry to conduct necessary inspections to determine compliance with applicable laws and rules. I understand that I am solely responsible for the proper identification and labeling of all property lines and corners and making the site accessible so that a complete site evaluation can be performed. The permit is valid for either sixty (60) months or is non-expiring depending upon the documentation submitted: complete site plan = 60 months, complete plat = non-expiring.

Mecklenburg Health Department,

Please find our Septic Repair Application.

We purchased the property, which had been vacant, in August 2017. Prior to our taking possession of the property, the previous owners replaced the septic tank because it was full of sludge and had not been pumped out since its installation in 1986. At that point, we were unable to determine if the drain field had issues because no water was being used at the house.

Since we have moved in, there has been a horrible odor of sewage in the yard. We believe the drain field has issues and needs to be replaced / repaired. We have an escrow set up with the previous owners that expires in December in case the field did in fact have issues after we moved in.

We are hoping an inspector can come out to observe and report his or her findings so we may have First Choice Septic repair the issue and stop the odor.

I hope I completed this form correctly. Please advise me if there is anything else I need to do to get this started.

Many thanks,

Laura White
