Reference: Property located at 4425 Garvin Drive

Dear Mr. Crater:

Receipt of the LPP system of sewage disposal proposed for installation on the above referenced property, is hereby acknowledged. Upon receipt of the plan, a review was made of the site evaluation conducted on August 2, 1984. The plan was then reviewed in conjunction with the provisions of 10 NCAC 10A .1900, "Laws And Rules For Sanitary Sewage Collection, Treatment, And Disposal". Our comments are listed below:

1) The effluent loading rate utilized for design of the system was 0.15 gpd/ft^2. This rate is applicable for some provisionally suitable soils. Soils on the site were classified unsuitable.

2) The soil structure and texture on the site were classified unsuitable. Such sites are not suitable for LPP installation.

3) Substantiating data has not been provided to indicate the proposed system would: a) properly treat the effluent, b) not allow effluent to contaminate any surface-or ground-water supplies or c) not be exposed on the ground surface.

Based upon these findings, the plan as submitted has been disapproved.

If there are any questions concerning this matter, please do not hesitate to contact me.

Sincerely,

Bill D. Hardister, Jr.

Re: Property located at 4425 Garvin Road SIR 21465, T.C. PO 045-452-13

Dear Sir:

At your request a soils investigation was conducted on the property designated above. Results of this investigation showed the site to be classified as unsuitable under criteria as set forth in Section .1900 of the North Carolina Administrative Code, Title 10, Department of Human Resources, Chapter 10, Division of Health Services; Sanitary Engineering Section, Subchapter 10A, Sanitation.

The soil on this property is not suitable for use with any conventional system, modified or alternative, with which I am aware.

If I can be of assistance, please feel free to call.

Sincerely,

Bill D. Hardister, Jr.
Environmental Health Supervisor

ACKNOWLEDGEMENT OF REQUEST BY OWNER FOR RECLASSIFICATION SITE FROM "UNSUITABLE" TO "PROVISIONALLY SUITABLE" UNDER 10 NCAC 10A .1948(c)

197

The undersigned, Robert D. Crater

owner of property located at 4435 Gaynor Rd Charlotte

("the site") and described in an instrument recorded in Book 3058 at Page 429, Mecklenburg Public Registry, hereby acknowledges that he applied to the Mecklenburg County Department of Environmental Health ("the Department") for a permit to install a septic tank sewage disposal system on the site; that the Department evaluated the site for suitability for such a system in accordance with the regulations promulgated by the North Carolina Commission for Health Services as 10 NCAC 10A .1934 et seq; that the Department originally classified the site as "unsuitable" pursuant to the standards set forth in the regulations; that the undersigned requested pursuant to 10 NCAC 10A .1948(c) that the Department reclassify the site as "provisionally suitable" in light of the particular septic tank system proposed by the undersigned; that the Department considered various studies, data and other information which indicate to the Department that the septic tank system proposed by the undersigned can reasonably be expected to function satisfactorily and thus that the findings specified in 10 NCAC 10A .1948(c)(1), (2), and (3) can be made; and that the Department therefore reclassified the site as "provisionally suitable" and issued an appropriate permit for such proposed septic tank system.

The undersigned further acknowledges that the proper design, construction, operation and maintenance of such septic tank system is his responsibility and that neither the Department nor its officials, employees or agents warrant or guarantee that the said system installed pursuant to the permit issued by the Department will function in a satisfactory manner for any given period of time or that the Department, its officials, employees or agents assume any liability for any damages of any kind which are caused, or which may be caused, by a malfunction of such system.

The undersigned further agrees for himself, his heirs and assigns that he shall indemnify and hold harmless the Department, its employees and officials, as well as Mecklenburg County and its employees and officials, for any damages or other claims of any person or persons whatsoever arising out of the installation, operation, or failure of said septic tank system.

The undersigned further agrees for his heirs and assigns that, in the event any septic tank system installed under authority of the aforesaid permit fails to perform adequately in any respect, he will take whatever measures are required to correct same; or if such is impossible he will discontinue use of said system immediately.

Use of the singular masculine pronoun forms herein shall be deemed to also include the plural and feminine forms as the context may require.

This document shall be placed on the public records of the Register of Deeds of Mecklenburg County and indexed therein under the Grantor Index in the names or names of the undersigned, and the foregoing acknowledgements shall henceforth be binding on all persons claiming any right, title, or interest in the site.
