PLOT PLAN

This is to certify that the investigation and inspection of the site described above by the Mecklenburg County Department of Environmental Health on the date described above. The investigation was conducted on that portion of the lot as indicated on the above plot.

The permeability rate determined by the investigation was Provisionally Suitable and said lot is approved for the installation of an individual septic tank with treatment to attain a minimum with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A system with [illegible] approved by the Mecklenburg County Department of Environmental Health as an alternative treatment system on the lot.
2. The [illegible] as determined by the Mecklenburg County Department of Environmental Health and on the size of the [illegible].
3. The [illegible] system installation of the [illegible].
4. This [illegible] at which time [illegible] Mecklenburg County Department of Environmental Health [illegible] acceptable for [illegible] system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new revised laws, rules and regulations been in effect on the issue date.
