Crescent Land And Timber Corporation
Attn: Mr. Ron Bost
PO Box 30817
Charlotte, NC 28230

Dear Mr. Bost:

At your request a preliminary soil investigation was made on soils located on Moores Chapel Road, tax code 053-172-09. The purpose of the investigation was to determine site suitability for septic tank systems. A soil map was prepared and a copy is enclosed.

The unshaded part of the map have soils that have acceptable drainage, percolation, aeration, depth, and topography and therefore are classed as predominantly acceptable for septic tank systems. The shaded area of the map indicate areas of soils that do not meet one or more of the above listed requirements and therefore are classed as predominantly unsuitable, for septic tank systems.

This survey is preliminary and before permits can be issued, individual lots must be marked on the property and the soils of each lot must be acceptable for septic tank systems.

Sincerely,

Willard B. Ramsey
