PLOT PLAN

This property was evaluated by the Mecklenburg County Department of Environmental Health and was conducted [illegible]. Provisionally Suitable

This lot is approved for [illegible] 60 min/in. This approval is approved for the installation of a subsurface wastewater treatment system with subsurface, soil absorption effluent discharge, and the following terms and conditions:

1. A complete plan for the proposed wastewater treatment system must be submitted to the Mecklenburg County Department of Environmental Health for review and approval prior to the issuance of a permit for the construction of the system.
2. The proposed system must be designed and constructed to meet or exceed, as determined by the Mecklenburg County Department of Environmental Health, all of the rules contained above and all other applicable rules.
3. The approval is valid for the specific site and soil conditions described in this report for the system installation in the dwelling proposed.
4. This approval is based on the soil conditions found in the [illegible] performed on the lot on which the [illegible] Mecklenburg County Department of Environmental Health personnel have indicated as acceptable for system installation. [illegible] must be [illegible] and approved before the system is installed.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.
