The landscaping was completed by the contractor on 4/23/94. The contractor that I hired to repair the septic system was Robert Laney 704-289-2249. The contractor had several delays due to weather and an emergency hospital stay. I had paid the contractor to complete the work and made numerous attempts to arrange the work to be completed.

Re: Illegal Repair to a wastewater treatment and disposal system located at 14010 Mill House Drive

Dear Mr. Laney:

This department has been informed of an illegal repair to a wastewater treatment and disposal system being installed by you. If these allegations are true and illegal repairs are made by you in the future on any property in Mecklenburg County we will pursue legal action against you, as this is a violation of Article 11 of Chapter 130A of the **General Statutes of North Carolina - Sanitary Sewage Systems.**

As a registered contractor you are aware that: (1) 130A-335 requires an approved sanitary sewage system; (2) 130A-336 requires an improvement permit to be issued prior to proceeding with construction and/or the installation or repair of a sanitary sewage system; and (3) 130A-337 requires that no sanitary system of sewage collection, treatment, and disposal be covered or placed into use until an inspection is made by the local health department. These requirements exist to protect the public's health by preventing groundwater contamination as well as protect the environment.

This correspondence is to advise you that this department is aware of the alleged occurrence of an illegal repair, to reiterate to you the illegality of such activities under the General Statutes of North Carolina, and to provide formal documentation to be used as evidence in court should notification of such violations reoccur in the future.

I suggest you contact me if you have any questions concerning this matter.

Very truly yours,

Sylvia D. Daniel, R.S.
