Re: 3333 Cheryl Circle
File: 2000B/9171A
Parcel No. 135-202-15PO

Dear Ms. Williams:

Receipt of the plans and specifications for a conventional system of sewage disposal for the above property is hereby acknowledged. Upon receipt of the information, a review was made of the material on file and a site evaluation was conducted by Bill Marlin, Soil Scientist for this department, H. A. Stewart of A. H. Stewart & Son's and myself. The plan was then reviewed in conjunction with provisions of 15NCAC 18A, .1900, "Laws and Rules for Sanitary Sewage Collection Treatment and Disposal." Our comments are listed below:

.1940 Topography and Landscape Position

.1945 Available Space

(a) Sites shall have sufficient available space to permit the installation and proper functioning of ground absorption sewage treatment and disposal systems, based upon the square footage of nitrification field required for the application rate determined in accordance with these Rules.
(b) Sites shall have sufficient available space for a repair area equal to the area determined in Rule .1945 (a) of this section.

For these reasons the plans as submitted are disapproved. If you have any questions regarding these matters, please do not hesitate to contact me at 336-5572.

Sincerely,

Toni H. Newell, R.S.

RE: Property located at 3333 Cheryl Circle
FILE: 2000B/1917A
PARCEL: 135-202-15PO

Dear Ms. Williams:

At your request, a field investigation was conducted on the property designated above for the purpose of determining site suitability for the installation of a ground absorption sewage disposal system. The results of this investigation showed the property to be classified **UNSUITABLE** for the installation of such a system. A copy of the Site Evaluation Report (Serial Number 19472) is enclosed.

State regulations provide that sites originally classified unsuitable may be utilized for the installation of alternate or modified sewage disposal systems provided the requirements of 15A NCAC 18A .1948 (d) are met. A reprint of this section is enclosed for your information.

Should you desire to file for permission to install an alternate or modified sewage treatment system on the property, please submit an Application For An Improvement Permit with an **ACCURATELY** dimensioned plot plan detailing the location of current and/or proposed buildings, wells and sewage disposal systems to this office. They will be reviewed, and if it is determined that the proposed system may reasonably be expected to function satisfactorily, an Improvement Permit will be issued by the Department upon completion by you, of a formal request for lot reclassification.

If there are any questions, please contact Bill Marlin at 336-5574.

Sincerely,

Kelly Randall, R.S., Soil Scientist
Individual Water and Wastewater Systems

RE: Property located at 3333 Cheryl Circle
FILE: 2000B/9171A
PARCEL: 135-202-15P0

Dear Ms. Williams:

At your request a soils investigation was conducted on the property designated above. Results of this investigation showed the site to be classified as **UNSUITABLE** under criteria as set forth in 15A NCA 18A .1900 of Laws and Rules for Sanitary Sewage Collection, Treatment, and Disposal, August 1, 1991. Evaluation Report (Serial Number 19481) is enclosed.

The soil on this property is not suitable for use with any conventional, modified or alternative system of which I am aware. If you wish to exercise your right of appeal concerning the interpretation and enforcement of these rules you may do so in accordance with G.S. 150B-23.

If there are any questions, please contact Bill Marlin at 336-5574.

Sincerely,

Kelly Randall, R.S., Soil Scientist
