Monroe, North Carolina 23110

RE: Propert, located at Marglyn Drive

Dear Mr. Morgan:

At your request, a field investigation was conducted on the [illegible] property described above. The soils on the property were found to contain a limited area of provisionally suitable soil for the installation of a ground absorption [illegible] disposal system. A copy of the site evaluation report is enclosed for your information.

Should you desire to file for permission to install a ground absorption sewage disposal system, please submit plot plans for the proposed [illegible], soil, and ground absorption sewage disposal system to this office. They will be reviewed and if it is found that there is an adequate area of provisionally suitable soil to accommodate the proposed installation, an Improvements Permit will be issued by this office.

If I may be of assistance, please feel free to call.

Sincerely,

Bill D. Herdlicka, Jr.
Environmental Health Supervisor
