PLOT PLAN

This is to certify that a soil investigation was made on this lot in accordance with the Mecklenburg County Department of Environmental Health Regulations and that this investigation was conducted on this date and that the soil is provisionally suitable for the installation of a septic tank system.

The permit for this system is hereby approved for the installation of a conventional system with subsurface soil absorption as shown on the plot plan.

1. A permit must be obtained from the Mecklenburg County Department of Environmental Health before beginning construction.
2. The septic tank and absorption field must be located as shown on the plot plan.
3. The septic tank and absorption field must be installed by a licensed septic tank contractor.
4. This approval is granted subject to all the provisions of the Mecklenburg County Sanitary Code and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services, and the Mecklenburg County Board of Commissioners in effect at the time of issuance. This approval is void if any changes in the future prevent compliance with the above rules and regulations. Should the rules and regulations be changed such that this approval would be in violation of the new rules and regulations, this approval will be revoked unless the new rules and regulations been in effect on the issue date.
