RE: Property located at 1110 McCorkle Road
FILE: 3622A
PARCEL: 05309310 PO

Dear Sir:

At your request, a field investigation was conducted on the property designated above for the purpose of determining site suitability for the installation of a ground absorption sewage disposal system. Results of the investigation revealed that the lot contains soils which have been classified as PROVISIONALLY SUITABLE in accordance with the provisions of 10 NCAC 10A .1900. A copy of the Site Evaluation Report (Serial Number 14328) deliniating the soil types and their respective classifications is enclosed.

While this classification indicates the site is acceptable for the installation of a septic tank system, no specific system or plans have been approved. The area available for such an installation may impose limitations on the size and/or type construction permitted on the lot. Specific plan approval will be provided upon submission of an Application For An Improvement Permit with an ACCURATELY dimensioned plot plan detailing the location of current and/or proposed buildings, wells and sewage disposal systems and determination that the area is adequate to accomodate the proposed construction.

Please note that this classification may be revoked if any filling, grading or construction (including the drilling of a well) is performed on the lot which in the opinion of this Department renders any area previously designated suitable for system installation, unsuitable. Futhermore, this approval may be revoked should any changes occur in the regulations under which it was granted, if such changes would have prevented its approval had they been in effect on the date of issuance.

If there are any questions concerning this matter, do not hesitate to contact me.

Sincerely,

Sylvia D. Daniel, R.S.
Environmental Health Supervisor
Environmental Resources Division

Dear Mr. Hunter:

File: 3620A - 948 McCorkle Road
3621A - 1000 McCorkle Road
3622A - 1110 McCorkle Road
3623A - 1118 McCorkle Road
2645A - 1001 McCorkle Road

Our office has as application for a soil investigation dated June 26, 1987. The investigation was not made because of problems encountered in locating the lot, specifically, lines and corners. Should you desire us to complete the soils investigation, you contact us at 376-4603 by December 20, 1987 or your application will be placed under the "inactive" file. It will be necessary for the lot lines and corners to be plainly marked. Please contact us if you have any questions.

Sincerely,

W. B. Ramsey
Soil Scientist
