Re: Residence at 1442 Sardis Road North
Charlotte, N.C. 28270

Dear Sir/Madam:

Enclosed please find the Application for Improvement Permit for Residential Site on the above subject. The fee has been paid to the City of Charlotte to connect my home to the City sewage system. (I already have City water.) I was told that it would be nine months until the meter could be installed unless your Department inspected my present system and gave me a citation and listed my application as urgent.

I have had to have my septic tank pumped out twice since August and the Roto Rooter service man came last week and advised me that my drain field is no longer active. Please inspect my present system which is in the front yard close to the house and note the standing water in two places in my yard. Thank you for you assistance in this matter.

Sincerely,

Melba B. Hendrick
