NAME OF OWNER Brown, Hattie C. (Estate)

ADDRESS OF OWNER 6201 Milford Road, Fayetteville, NC 28303

LOCATION OF LOT 4215 South Blvd., PO Lot 14

At your request and pursuant to Section .1939 of the North Carolina Administrative Code, Title 10, Department of Human Resources, Chapter 10, Health Services, Subchapter 10A, a site evaluation has been made for an on premises ground absorption sewage disposal system on the property designated above and the following conditions were found:

SOIL TEXTURE (2-1 clay)

SOIL DRAINAGE/GROUNDWATER (seasonal perched water table at 15-30" below the ground surface)

Sites classified as Unsuitable are not acceptable for soil absorption of sewage effluent. However, if engineering, geologic, soil, and environmental studies indicate that a suitable septic tank system or a suitable alternate system can be expected to function satisfactorily, such sites may be re-classified as Provisionally Suitable. (Section 10 of the North Carolina Administrative Code 10A, .1948)

If you desire to file for permission to install an "alternate or modified" system, you should present this office with your proposals in the form of plans and specifications. These would be reviewed and if it is found that the system may reasonably be expected to function satisfactorily, approval may be given on the execution by you of a "Septic Tank Agreement Form" available in this office.
