WELL RECORD

Drilling Contractor Charles Ford Well Drilling Reg No. 379 Well Permit No. 7515

1. Town Mathews, N.C. County
2. Location 1209 Reid Harkey Rd. - Lot 20 - Block - 3 Quadrangle No.
   Show a sketch of location on back of form
3. Owner Klutts Realty & Const. Co. Inc.
   Address 1433 Emerywood Dr. Charlo. 28210
4. Topography draw, slope, hilltop, valley, flat
5. Use of Well Domestic Date Completed 6-12-74
6. Rig type or method Air Rotary Total Depth 235
7. Casing: Depth From 0 to 90 ft. Diam. 6¼ in. Type .185
8. Grout: Depth From 6 to 20 ft. Material in. Method Sakrete
9. Screen: Depth From to ft. Diam. in. Type and Opening
10. Water Zones (depth) 200
11. Static Water Level 35 ft. above/below top of casing which is 1 ft. above land surface. Elev. Date 6-12-74
12. Yield (gpm) 10 Method of testing Air
13. Pumping Water Level: 50 ft. after 8 hrs. at 10 gpm.
14. Water Quality Temperature (°F)
15. Well sterilization method
16. Permanent Pump: Type Deep Well Make Myers
    Installed — Date 6-12-74 By Chas. Ford
    Capacity 10 (gpm) Hp ½
    Intake depth Airline depth
17. Remarks:

I do hereby certify that this well record is true and exact.

PLOT PLAN

This is to certify that a percolation test has been run and an on-site inspection made by the Mecklenburg County Health Department on the lot described above. The said test was conducted on that portion of the lot as indicated on above plot.

The percolation rate determined by the test was 60*min/in. The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface soil absorption effluent discharge subject to the following terms and conditions:

1. A permit to install, construct, alter, or repair the specific system shall be obtained from the Mecklenburg County Health Department prior to the beginning of any construction of building, or of the wastewater treatment system on the said lot.
2. The size of the septic tank wastewater treatment system which must be installed will be determined by the Health Department prior to installation based on the percolation rate obtained above, and on the size and type of building constructed thereon.
3. This approval is valid only if the system is installed in the immediate area where the percolation test was run.
4. This approval is void if any grading, filling, or construction (including the drilling of a well) is performed on the lot which, in the opinion of the Health Department, renders the area where the percolation test was run unsuitable for the installation, construction, alteration, and/or repair of such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina State Board of Health and the Mecklenburg County Board of Health which were in effect on the date of issuance and is void if at any time in the future, prior to the completion of the system, these laws, rules, and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

*Results determined by soil analysis.

MAP BOOK NO _____ PAGE NO _____

The above specified lot is approved by the Mecklenburg County Health Department for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the percolation test results which yielded a percolation rate of 60 min/n on an on site inspection of the said lot, and upon the information supplied in the "Application for an Installation Construction, Alteration, and/or Repair Permit", number 7515. This approval is subject to the following terms and conditions

1. That the nitrification field be installed, constructed, altered, and/or repaired in the same area where the percolation test was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit
