Site visit on lot to determine if house may use existing system for sorority. There appears to be a straight pipe from house to woods (may really be o.k. and go into drainfield but should be inspected after grass is cut.

Explained to Mrs. Elder who stated plumber would call me about tying all the plumbing in. They are not going to have a washing machine. This house will be used for meetings about 3 times a month.

If this is a washer line they can remove we can view and then I believe it will be ok to use existing system.

8/13 called Mrs. Elder advised her plumber had never called and grass had not been cut in the area of suspect straight pipe. she will follow up and call me back
