PLOT PLAN

This is to certify that a soil investigation and private sewage disposal system evaluation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted in accordance with the plot plan indicated on the above sketch.

The percolation rate determined by the investigation was Provisionally Suitable. The said lot is approved for the installation of an individual sewage disposal system with subsurface soil absorption subject to the following terms and conditions:

1. The proposed system shall be located as shown on the plot plan submitted to the Mecklenburg County Department of Environmental Health and as indicated as acceptable for the system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

NAME OF OWNER Chrisley, (LAST) Robert (FIRST) Lee (MIDDLE) Jr.

ADDRESS OF OWNER 400 Lambeth Drive, Charlotte, NC ZIP 28213

LOCATION OF LOT 615 Dawn Circle (STREET OR COUNTY ROAD)

SUBDIVISION LOT NO 140-141 140A-141A BLOCK NO.

MAP BOOK NO. PAGE NO

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 16306 This approval is subject to the following terms and conditions

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and or repaired and that the system be installed in accordance with same

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit
