SOIL INVESTIGATION REPORT

Date of Investigation June 24, 1977 APT NO. 12664

Owner Ralph Symcox Construction Co, Inc.

Location of Property 13905 Colt Court lot No 39 Block F

Soil Suitability Ratings Taxlot No P.O. 215-131-C2

Soil Properties	Soil 1	Soil 2	Soil 3	Soil 4
1. Soil Series	Ceci			Chewacla
2. Soil Slope	suitable 3-8%			—
3. Soil Depth	suitable >48"			—
4. Soil Texture	provisionally suitable clay			—
5. Soil Structure	provisionally suitable blocky			—
6. Restrictive Horizons	—			—
7. Soil Drainage	suitable water table >6'			unsuitable poorly drained
8. Soil Permeability (Percolation Rate)	provisionally suitable moderate			unsuitable seasonal high water table <18" from surface
9. Other	Commonly			unsuitable floods
10. Overall Rating	provisionally suitable			unsuitable

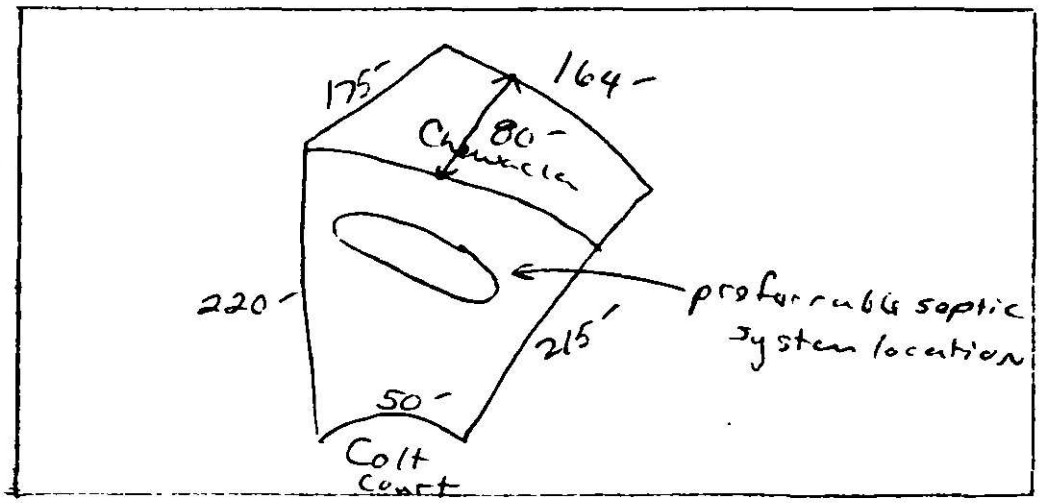

Recommendations Based on this investigation, the lot was found to have an adequate area of provisionally suitable soils for installation of a septic tank system. System design should be based on a percolation rate of 60 min/in. and should be ~~located~~ placed in the area of Ceci soils.

MAP BOOK NO. _____ PAGE NO _____

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 13901 This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and/or repaired and that the system be installed in accordance with same

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit

Re: Septic Repair
13905 Colt Court
Matthews, N. C.
Schrimsher

Dear Mr. Bivens:

In regards to the failure of the washing machine drain field at 13905 Colt Court, we are proposing the following measures: Number 1. To look at the drain field and make a determination if additional coverage over the lines will correct the problem. Number 2. If we find that this will not correct the problem then we will propose to install a 10'x10'x10' seepage pit at the end of the washing machine drain field.

If this is satisfactory then we will proceed to call one of your inspectors to the job to have it permitted to correct the problem.

If you need any additional information, please contact me.

Yours truly,

Larry Schuster
Construction Manager
