PLOT PLAN

[illegible] by the Mecklenburg County Department of Environmental Health. The soil evaluation was conducted in that area. The investigation revealed the following: **Provisionally suitable**

The permeability rate determined by the percolation test was [illegible]. The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface soil absorption effluent discharge subject to the following terms and conditions:

1. A permit for the construction of the wastewater treatment system shall be obtained from the Mecklenburg County Department of Environmental Health prior to the installation of the wastewater treatment system.
2. The [illegible] shall be determined by the Mecklenburg County Department of Environmental Health at the location indicated above, and on the plot plan.
3. [illegible] system installation.
4. [illegible] on the lot which is designated as acceptable for [illegible].

The [illegible] of the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Board of Health. The rules and regulations are subject to change at any time during the year. In the event the rules and regulations are changed such that the proposed system would not have been granted at the time of the issuance of the permit, the new rules and regulations shall be in effect on the issue date.
