INSTALLATION, CONSTUCTION, ALTERATION, AND/OR REPAIR PERMIT
(Individual Septic Tank System with Subsurface, Soil Absorption, Effluent Discharge)

Permission is hereby given to ☒ Install or Construct, ☐ Alter or Repair the individual septic tank wastewater treatment system with subsurface soil absorption effluent discharge as specified herein at the described location. This permit is granted based upon the information supplied in application dated and this permit shall be void and of no effect if the information provided in the application is not true or is incomplete. All work shall be completed on or before 3 Sept 77, after which date this permit shall be null and void.

PLOT OF SYSTEM

NAME OF OWNER

LOCATION OF PROPERTY

This system shall be installed in accordance with the requirements as set forth in the Regulations of the Mecklenburg County Health Commissioners in effect on the date of the granting of this permit. A certificate for each system shall be issued by the Environmental Health Director before any system can be covered or otherwise rendered uninspectable or can be used. **The issuance of this permit does not in any way guarantee that the system anticipated to be constructed will operate properly, or relieve any person now or hereafter owning, controlling or using such system from any liability resulting from the failure of the system to operate properly.**

Comments

Division or Section Head

Environmentalist

* If this permit is for the installation or construction of a new system, it must be signed by the division or a section head of the Department of Environmental Health in order to be valid. Only the signature of the Environmentalist is required where an existing system is being altered or repaired.
