Soil Suitability Ratings

Soil Properties	Soil 1	Soil 2	Soil 3	Soil 4
1. Soil Series	Carr I	Marumsco		
2. Soil Slope	Suitable 2-6% 10-15?	Suitable 1-4?		
3. Soil Depth	Suitable >48"	Suitable >48"		
4. Soil Texture	Clay	Unsuitable 2-1 Clay		
5. Soil Structure	Suitable Blocky	Unsuitable Massive		
6. Restrictive Horizons				
7. Soil Drainage				
8. Soil Permeability (Percolation Rate)				
9. Other				
10. Overall Rating		Unsuitable		

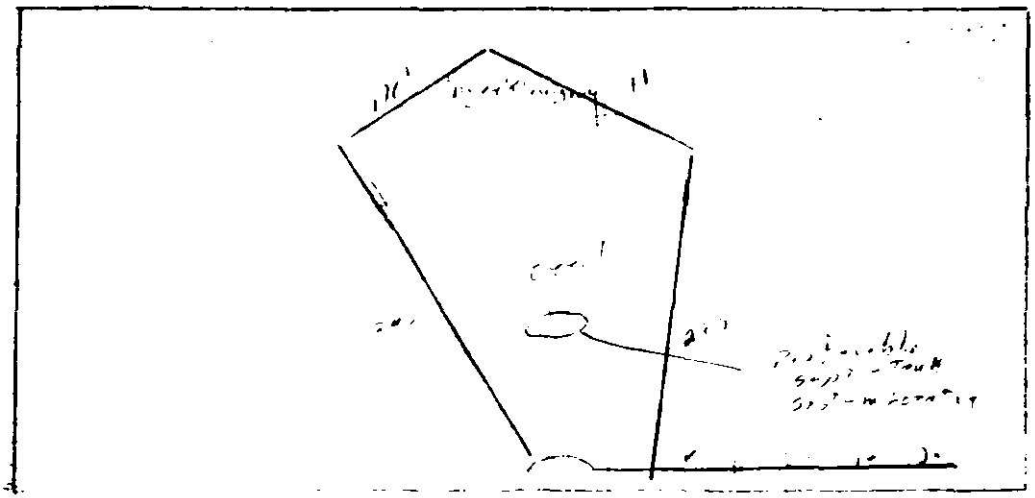

Remarks
Recommendations From on site investigations evaluation of proposed site for the installation of a septic tank system was found to be unsuitable for the proposed installation due to slow percolation rates. Alternate methods of sewage disposal should be considered.

PLOT PLAN

This lot was evaluated by the Mecklenburg County Department of Environmental Health and was found to be **Provisionally Suitable** for the installation of a septic tank system. The percolation rate determined by the method was **60 min/in.** The said lot is approved for the installation of a septic tank wastewater treatment system with subsurface soil absorption of effluent subject to the following terms and conditions:

1. A complete set of construction plans and specifications must be submitted to the Mecklenburg County Department of Environmental Health for review and approval prior to the issuance of a wastewater treatment system construction permit.
2. The wastewater treatment system shall be installed in accordance with the rules determined by the Mecklenburg County Department of Environmental Health and the conditions contained above and the specifications submitted therewith.
3. The approval is valid for the system installed in the immediate area indicated as acceptable for system installation on the plot plan.
4. The approval is valid for the system installed in the area indicated as acceptable for system installation on the plot plan only if the installation is performed by a person who has been certified by the Mecklenburg County Department of Environmental Health to perform the type of system indicated as acceptable for the area.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future prior to completion of the system these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.

LOCATION OF LOT King George Drive (STREET OR COUNTY ROAD)

SUBDIVISION Meadow Brook Forest LOT NO. 67 BLOCK NO.

MAP BOOK NO. 7 PAGE NO 397, 398, 399

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot, and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 12548. This approval is subject to the following terms and conditions

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altered, and/or repaired and that the system be installed in accordance with same

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit
