RE: Property located at Lake Drive, Lots 3 & 4

Dear Mr. Oliver:

At your request, a field investigation was conducted on the property designated above and was classified unsuitable for the installation of a ground absorption sewage disposal system. A copy of the site evaluation report is enclosed for your information.

Sites classified as unsuitable may be utilized for soil absorption disposal systems provided engineering, hydrogeologic, soil and environmental studies indicate that a suitable septic tank system or a suitable alternate system can be reasonably expected to function satisfactorily.

Should you desire to file for permission to install an alternate system, plans and specifications prepared by a person with a demonstrated knowledge of ground absorption sewage treatment disposal systems, soil and rock characteristics, groundwater hydrology and drainage systems should be submitted to this office. They will be reviewed and if it is found that the system may be reasonably expected to function satisfactorily, approval will be given upon the execution by you of "Septic Tank Agreemnt Form" provided by this office.

If I may be of assistance, please feel free to call.

Sincerely,

Bill D. Hardister, Jr.
Environmental Health Supervisor

ADDRESS OF OWNER Rt. 6, Box 747 2-S, Charlotte, NC ZIP 28208

LOCATION OF PROPERTY Lake Drive, Lots 3 & 4 (STREET OR COUNTY ROAD)

SUBDIVISION LOT NO 3 & 4 BLOCK NO

This is to certify that a soil investigation was conducted by the Mecklenburg County Department of Environmental Health on this property. This investigation was conducted on that portion of the lot as indicated on the sketch plat.

The permeability rate determined in the most restrictive horizon was SUITABLE minutes per inch. The said lot is approved for the installation of an individual single family residence with subsurface, soil absorption effluent discharge subject to the following terms and conditions.

1. A permit for the installation of the system must be obtained from the Mecklenburg County Department of Environmental Health before the construction of the subsurface treatment system on the said lot.
2. The size of the septic tank and absorption field must be determined by the Mecklenburg County Department of Environmental Health according to the number of bedrooms and the size and type of the proposed structure.
3. This approval is valid only for the system installation on the above plat.
4. This approval is valid for a period of five years from the date of issuance. It is the responsibility of the owner to make application for system installation before the expiration date.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and evaluation, time in the future, prior to completion of the system these laws, rules and regulations are changed such that this approval would not have been granted had the new revised laws, rules and regulations been in effect on the issue date.

APPROVAL OF LOT FOR INSTALLATION OF AN INDIVIDUAL SEPTIC TANK WITH SUBSURFACE, SOIL ABSORPTION, EFFLUENT DISCHARGE

NAME OF OWNER Humphries, David Scott
(LAST, FIRST, MIDDLE)

ADDRESS OF OWNER 2119 Ferncliff Road ZIP 28211

LOCATION OF LOT 2027 Lake Drive
(STREET OR COUNTY ROAD)

SUBDIVISION _____ LOT NO. _____ BLOCK NO. _____

MAP BOOK NO. _____ PAGE NO. _____

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 21166. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altered, and/or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit (s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit.
