I have moved the site back into the woodline and shifted it left (24' off the line)

If there is a map or drawing of the septic field please direct me to it. I would appreciate you sketching it in on this drawing & returning it with the envelope enclosed if possible Hopefully this drawing will save you a trip if I still don't have my position correct. If this looks good please do another site inspection at your convenience.

P.S. I think this is totally off the field since it's all in the wooded

3-14-94 Use existing system. No plumbing in proposed bldg. Keep proposed bldg min. 5' from any part of septic tank system. Do not drive/pave over septic tank system. Doors to be on side of proposed bldg facing right side property line.
