SUBDIVISION East Providence Estates LOT NO 21 BLOCK NO 4

PLOT PLAN

This is to certify that a soil investigation was made on the above described property by the Mecklenburg County Department of Environmental Health on the 30th day of March, 1978. The investigation was conducted in that portion of the lot as indicated on this plan and **Provisionally Suitable**

The permeability rate determined by the investigation was _____. The said lot is approved for the installation of an individual subsurface wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit for the installation of the system may be obtained from the Mecklenburg County Department of Environmental Health prior to any construction or building of the wastewater treatment system on the said lot.
2. The size of the septic tank and the total length of the trenches will be determined by the Mecklenburg County Department of Environmental Health at the time the permit is to be obtained above and on the basis of the building plan submitted.
3. This approval is valid for the system as proposed and located and acceptable for system installation at the time of the report.
4. This approval is based on the findings of the soil investigation performed on the lot which at the time of the Mecklenburg County Department of Environmental Health investigation was indicated as acceptable for system installation and any subsequent change in the location of the system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which are in effect at the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.

MAP BOOK NO. PAGE NO.

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 13738. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and/or repaired and that the system be installed in accordance with same

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit
