PLOT PLAN

This is to certify that the investigation and report thereof as made and plotted was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot as indicated on the above plot **Provisionally Suitable**

The permeability rate determined by the investigation was The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions

1. A permit must be obtained before issuing the permit, plans and specifications must be approved by the Mecklenburg County Department of Environmental Health and the permit issued. Any deviation from the approved plans and specifications must be approved in writing by the Mecklenburg County Department of Environmental Health.
2. The size of the septic tank and the absorption area required will be determined by the Mecklenburg County Department of Environmental Health at the time the permit is issued, based on the percolation rate obtained above, and on the number of bedrooms or units to be served.
3. The proposed system must be located on the lot as indicated on the approved plot plan.
4. The property must be graded so that surface water will not pond over the absorption area and must be maintained so as to prevent surface water from entering the absorption area. Trees should not be planted over or near the absorption area. Roots from trees and shrubs will clog and destroy the absorption area.

This approval is granted based on the Laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Ordinances which were in effect at the date of issuance and is void if at any time in the future prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date

TO THE BUILDING INSPECTION DEPARTMENT

APPROVAL OF LOT FOR INSTALLATION OF AN INDIVIDUAL SEPTIC TANK WITH SUBSURFACE, SOIL ABSORPTION, EFFLUENT DISCHARGE

NAME OF OWNER Godley (LAST) William (FIRST) Charles (MIDDLE)

ADDRESS OF OWNER 4829 Brookshire Blvd, Charlotte, NC ZIP 28216

LOCATION OF LOT Off: Reames Road (STREET OR COUNTY ROAD)

SUBDIVISION _____ LOT NO. _____ BLOCK NO. _____

MAP BOOK NO. _____ PAGE NO. _____

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 14608. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and/or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit (s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit
