Dear Mr. Marshall:

The North Carolina Real Estate Commission is the agency of this state which licenses and regulates real estate brokers. Our duties include the investigation of complaints filed against our licensees.

This office has received a complaint concerning the septic system that serves the property located at 19208 Old Statesville Road, Cornelius, North Carolina (Deed Book 7400, Page 490, Mecklenburg County). I have enclosed a copy of the complaint for your examination.

I cannot assess the merits of this complaint until I obtain some information from you. I therefore respectfully request that you provide this office with a written statement describing the design and capacity of the septic system serving the subject property and any problems that have been reported to your office. Please provide copies of all septic system permits and other documentation to support your statements.

Please respond within fourteen (14) days from receipt of this letter and include the above-captioned case number in your reply. Your assistance and prompt attention to this matter will be appreciated.

To-real estate commission.

Please be advised that the reason of my complaint is that my case with the sell transaction was miss represented by my realtor Linda Schafer that represent both me and the seller .
The seller had a permit to build a four bed rooms two bath single family home.
In reality the property is 3 unit building with five bed rooms and three bath rooms, the issue is that the septic tank that was permitted to the building was able to comprehend single family home and not three and when the building is full I have a major leek and I need to add another bed to the septic that will cost us about 5000$,and if not the building going to be condemned.
I believe that the realtor should be responsible for this expense because she didn't disclose the issue to us.

Thank you
