ADDRESS OF OWNER Route 1, Box 332 A Mt. Pleasant, N. C. 28124

xLOCATION OF LOT 1145 Ravendale Drive

At your request and pursuant to Section. 1900 of the North Carolina Administrative Code, Title 10, Department of Human Resources, Chapter 10, Health Services, Subchapter 10A, a site evaluation has been made for an on premises ground absorption sewage disposal system on the property designated above and the following conditions were found:

Soil structure massive
Soil permeability unsuitable
Site classification unsuitable

Section 10 of the North Carolina Administrative Code 10A, .1910 of these regulations states "Sites originally classified as unsuitable may be used for soil absorption disposal systems, provided engineering, hydrogeologic, and soils studies indicate to the local agency that a suitable alternate system can reasonably be expected to function satisfactorily.

Section 10, North Carolina Administrative Code 10A, .1916 states that "The design, construction, and maintenance of ground absorption sewage systems, whether septic tank systems or alternate systems shall be the responsibility of the owner, developer. installer, and user of the system as applicable in the circumstances."

We would also advise you that according to Regulation 10, North Carolina Administrative Code 10A, . 1916(b), "Actions of representatives of state or local agencies engaged in the evaluation and determination of measures required to effect compliance with the provisions of this section shall in no way be taken as a guarantee that sewage disposal systems approved and permitted will function in a satisfactory manner for any given period of time or that such employees assume any liability for damages, consequential or direct, which are caused or which may be caused, by a malfunction of such system.

These regulations became effective July 1, 1977. Since that time the second sentence of Section .1910(c) has been found to be nugatory. For this reason, if you desire to file for permission to install an "alternate" system you should present this office with your proposals in the form of plans and specifications. These would be reviewed and if it is found that the system may reasonably be expected to function satisfactorily approval may be given on the execution by you of a "Septic Tank Agreement Form" available in this office.

SEPTIC TANK AGREEMENT
13830

I, the undersigned, MR+MRS JOHNNIE H. ROLLINS, owner of property located in the vicinity of RAVENDALE DRIVE, (the "property"), described as Lot 3 at page 514, Mecklenburg County Registry, that I have applied to the Department of Environmental Health for a permit to install a septic tank disposal system on the site; the Department evaluated the property for such a system in accord with the regulations promulgated by the North Carolina Department of Human Resources as 10 NCAC 10A .1900 et seq; that the Department did issue Improvement Permit No. _____ and an appropriate permit was issued, Permit No. _____.

The undersigned further acknowledges that the proper design, construction and maintenance of the septic tank system is his responsibility, and that neither the Department nor its employees, or agents warrant or guarantee that the system, as installed pursuant to the permit, will function in a satisfactory manner for any given period of time, and that the Department, its officials, employees or agents assume no liability for damages, consequential or direct, which are caused, or which may be caused, by a malfunction of such system.

This document shall be placed on the public records of the Register of Deeds of Mecklenburg County and indexed therein under the Grantor Index in the name or names of the undersigned and the foregoing acknowledgements shall henceforth be binding on all persons claiming any right, title or interest in the site.

The undersigned further agrees for himself, his heirs and assigns, that he shall indemnify the Department and its successors, as well as Mecklenburg County, for any and all damages or other claims of any person or persons whatsoever arising out of the installation, operation, or failure, of said septic tank system.

The undersigned further agrees for his heirs and assigns that, in the event any system installed under authority of the aforesaid permit fails to perform adequately, the undersigned will take whatever measures are required to correct same; or if such is impossible, will cease use of said system immediately.

Whenever the singular masculine pronoun forms herein shall be deemed to also include the plural, feminine or neuter forms as the context may require.

SUBDIVISION _____ LOT NO _____ BLOCK NO. _____

MAP BOOK NO _____ PAGE NO _____

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot, and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 13830 This approval is subject to the following terms and conditions

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and or repaired and that the system be installed in accordance with same

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit
