Mr. Ivan Meriac

Dear Mr. Meriac:

We have had much rain, wet ground, and very unsuitable weather to perform much landscape work; however, we manage to do some of the things without soil conditions.

To-day, I visited the Environmental Health Department, and obtained Form "EHD-5-76" and a copy of the soil test made in August for Lot 1 (one) You are to fill the spaces in your name, and return to EHD, 1200 Blythe Boulevard, Charlotte, N. C.

The officials told me that a modified system would have to be made, which is prepared by Mr. Blake Hyde, Septic Tank Contractor out of Huntersville, N. C. Mr. Hyde is to make a proposal in your name for approval, showing modifications. If the modifications are approved by EHD, you sign a form, and register the paper for record. When house permit is requested, this record is part of building permit documents.

It is my wish that all of the red tape be done before you pay any additional money. Personally, it seems a long time before one can get an answer from the authorities.

In the meantime, I will tell Mr. Hyde to be looking out for your report which you are to send back to EHD.

Regards,

Jack H. Clark
