ADDRESS OF OWNER 4901 Melissa Lane, Matthews, N.C. ZIP 28105

LOCATION OF PROPERTY 3943 Peggy Lane (STREET OR COUNTY ROAD)

SUBDIVISION W. T. Thomas Property LOT NO 11 BLOCK NO B

PLOT PLAN

This is to certify that a percolation test has been run and in the opinion of the Mecklenburg County Health Department in the area indicated above. The said test was conducted on that portion of the lot as indicated on above plot.

The percolation rate determined by the test was 60*min/in. The said lot is approved for the installation of a single family septic tank wastewater treatment system with subsurface absorption effluent discharge subject to the following terms and conditions:

1. A permit for construction of the complete septic tank system shall be obtained from the Mecklenburg County Health Department prior to the beginning of any construction of building on this wastewater treatment system on the said lot.
2. The size of the septic tank wastewater treatment system which may be installed will be determined by the Health Department prior to installation based on the percolation rate obtained above and on the size and type of building to be constructed thereon.
3. This approval is valid only if the system is installed in the immediate area where the percolation test was run.
4. This approval may be withdrawn if any grading, filling or construction including the drilling of a well is performed on the lot which, in the opinion of the Health Department renders the area where the percolation test was run unsuitable for the installation, construction, alteration and/or repair of such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina State Board of Health and the Mecklenburg County Board of Health which were in effect on the date of issuance and is void at any time in the future prior to the completion of the system, these laws, rules, and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

*Results determined by soil analysis.

SUBDIVISION LOT NO 11 BLOCK NO B

MAP BOOK NO PAGE NO

The above specified lot is approved by the Mecklenburg County Health Department for the installation of an individual septic tank system with subsurface soil absorption, effluent discharge based on the percolation test results which yielded a percolation rate of 60 min/in on an on-site inspection of the said lot and upon the information supplied in the "Application for an Installation, Construction, Alteration and/or Repair Permit" number 7594. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered, and/or repaired in the same area where the percolation test was run.
2. That an "Installation, Construction, Alteration and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altered and/or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit.
