Gwendolyn Hall
12913 Asbury Chapel Road
Huntersville, NC 28078

Dear Mrs. Hall:

Enclosed is a copy of the report from Joe Lynn, Regional Soil Specialist, for the property located on Asbury Chapel Road. Mr. Lynn has been covering his area of the state and another area for most of the year and has been unable to spend time in the office. Please contact me if you have any questions regarding this report.

Sincerely,

William R. Marlin
Licensed Soil Scientist

SOIL AND SITE REPORT FOR A GROUND ABSORPTION WASTEWATER SYSTEM FOR GWENDOLYN HALL

by

JOE LYNN, REGIONAL SOIL SPECIALIST
ON-SITE WASTEWATER SECTION
DIVISION OF ENVIRONMENTAL HEALTH

Submitted to:

BILL MARLIN, SOIL SCIENTIST
COUNTY HEALTH DEPARTMENT

OCTOBER 6, 1997

The site is Unsuitable under Rule .1969 Experimental and Innovative Systems, Components, or Devices:

1. Chamber systems	NO
2. Houck Drainage systems	NO
3. Perc-Rite Subsurface Drip system	NO
4. Sand Filter Pretreatment systems	NO

RECOMMENDATIONS

The owner has the following options that might allow the use of this property as desired:

1. The applicant may purchase other Suitable or Provisionally Suitable property to place the ground absorption wastewater system on.
2. The applicant may obtain an easement on a Suitable or Provisionally Suitable property to place the ground absorption wastewater system on.
3. The Division of Water Quality in Mooresville, N. C. at (704) 663-1699 may be contacted to pursue options available through that office. The applicant should contact someone with a knowledge of discharge systems to evaluate the site before contacting this office.
4. A wastewater system can be pursued under Rule 1948 (d). Written documentation must be submitted to your office showing that the proposed wastewater system can be expected to function properly. The data must contain the following:
   A. The effluent must be non-pathogenic, non-infectious, non-toxic, and non-hazardous.
   B. The ground water and the surface water must not be contaminated by the effluent.
   C. The effluent must not be exposed to the ground surface or discharged to surface waters where it could come into contact with people, animals, or vectors.

Mecklenburg County
Health Department

November 21, 1996

Ms. Gwendolyn F. Hall
12913 Asbury Chapel Road
Huntersville, NC 28078

Re: 12913 Asbury Chapel Road
File: 1618B
Parcel: 019-211-18

Dear Ms. Hall:

Receipt of your Application for Improvement Permit for the above referenced property is acknowledged. A soil evaluation and a site visit have been conducted. The results of the evaluation indicated that the site is **UNSUITABLE** under Rules .1941 **SOIL CHARACTERISTICS (MORPHOLOGY)**, .1942 **SOIL WETNESS CONDITIONS**, .1943 **SOIL DEPTH** and .1945 **AVAILABLE SPACE**. For these reasons your Application for Improvement Permit is denied. A possible way to develop the site exists under Rule .1948(d) which reads as follows:

> A site classified as **UNSUITABLE** may be used for a ground absorption sewage treatment and disposal system specifically identified in Rules .1955, .1956, or .1957 of this Section or a system approved under Rule .1969 if written documentation, including engineering, hydrogeologic, geologic or soil studies, indicates to the local health department that the proposed system can be expected to function satisfactorily. Such sites shall be reclassified as **PROVISIONALLY SUITABLE** if the local health department determines that the substantiating data indicate that:
> (1) a ground absorption system can be installed so that the effluent will be non-pathogenic, non-infectious, non-toxic, and non-hazardous;
> (2) the effluent will not contaminate ground or surface water; and
> (3) the effluent will not be exposed on the ground surface or be discharged to surface waters where it could come in contact with people, animals, or vectors.

The State shall review the substantiating data if requested by the local health department.

Please be advised that you have the right to an informal review by this department. You also have the right to appeal under G.S. 130A-24, and to have the appeal held in Mecklenburg County.

If you have any questions regarding this matter, please call me at 336-5575.

Sincerely,

Kelly Randall, R.S., Soil Scientist
Individual Water and Wastewater Systems

Mecklenburg County
Health Department
