PLOT PLAN

This is to certify that a soil investigation was made by the Mecklenburg County Department of Environmental Health on the above described lot. The soil investigation was conducted on that portion of the lot as indicated on the sketch and **PROVISIONALLY SUITABLE**

The permeability rate determined by the percolation test was . This soil lot is approved for the installation of one (1) single dual septic tank wastewater treatment system with subsurface soil absorption effluent discharge subject to the following terms and conditions:

1. A permit to install the proposed system must be obtained from the Mecklenburg County Department of Environmental Health prior to the construction of the wastewater treatment system on the subject lot.
2. The owner of the subject lot or his agent must notify the Mecklenburg County Department of Environmental Health at least 48 hours prior to the construction of the system and on the date of installation for inspection purposes.
3. This approval is for the specific system installation as shown on the plot plan for the absorption field.
4. This approval is granted based on the conditions existing at the time of which is the date of this evaluation. It is the responsibility of the property owner to maintain adequate space for system installation should the future use of the property change.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

ADDRESS OF OWNER P. O. Box 924, Davidson, NC ZIP 28036

LOCATION OF LOT 19923 Walter Henderson Road STREET OR COUNTY ROAD

SUBDIVISION LOT NO. 4 BLOCK NO.

MAP BOOK NO. PAGE NO

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 20848. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altered, and/or repaired and that the system be installed in accordance with same

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit.
