PLOT PLAN

This is to certify that a soil investigation and site evaluation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The soil investigation was conducted on that portion of the lot as indicated on the above plot. PROVISIONALLY SUITABLE

The permeability rate determined by the investigation was The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit for installation must be obtained from the Mecklenburg County Department of Environmental Health prior to the beginning of construction of the wastewater treatment system on the said lot.
2. The size of the septic tank and system must be installed as specified by the Mecklenburg County Department of Environmental Health in accordance with the Rules governing the Sanitary Disposal of Sewage and the size and type of building proposed thereon.
3. The approval granted herein is conditioned upon the proposed system being located in the area designated for system installation on the above plot.
4. The approval granted herein is conditioned upon the proposed system being constructed in the area tested on the lot in question. If the Mecklenburg County Department of Environmental Health determines that the area designated as acceptable for system installation is unsuitable for any reason, the lot will not be approved for the proposed system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.
