Mr ~~Jerry A. Anderson~~
824 McDonald Rd
Charlotte NC.

Dear Mr. Anderson.

At your request a re-inspection was made of your septic tank system at 824 McDonald Rd, Charlotte N.C. on February 4, 1992.

It was found at the time of the inspection that the system appeared to be functioning properly as there was no evidence of sewage on the surface of the ground.

During the earlier inspection, a washing machine line was found which was discharging to the surface of the Ground. This line had been connected to the septic system as required.

Please be advised also that the City municipal sewer line is Available. In the event of a failure to your septic system, Connection to this line would be required.

If I may be of further assistance please do not hesitate to call me. My telephone number is 336-5571
