Mr. Donald Browder
211 Greenwich Road
Charlotte, NC 28211

RE: Property located at 4925 Bright Road / Lot 10 Block B
FILE: 8051A(161B)
PARCEL: 113-072-11

Dear Mr. Browder:

At your request, a field investigation was conducted on the property designated above for the purpose of determining site suitability for the installation of a ground absorption sewage disposal system. The results of this investigation showed the property to be classified **UNSUITABLE** for the installation of such a system. A copy of the site evaluation report (Serial No. 12548) is enclosed for your information.

State regulations provide that sites originally classified unsuitable may be utilized for the installation of alternate or modified sewage disposal systems provided the requirements of 10 NCAC 10A .1948 (c) are met. A reprint of this section is enclosed for your information.

Should you desire to file for permission to install an alternate or modified sewage treatment system on the property, please submit an Application for an Improvement Permit with an accurately dimensioned plot plan detailing the location of current and/or proposed buildings, wells and sewage disposal systems to this office. They will be reviewed, and if it is determined that the proposed system may reasonably be expected to function satisfactorily, an Improvement Permit will be issued by the Department upon completion by you, of a formal request for lot reclassification.

If there are any questions concerning this matter, please contact Bill Marlin, Soil Scientist at 336-5574.

Very truly yours,

Gene Vaughan, R.S., Supervisor
Individual Water & Wastewater Systems
