Dear Sir/Madam:

A request for repair to your septic system has come to our attention.

In addition to the enclosed application form, there is information that we will need in order to assist us in determining the best means of repair to your system.

Please supply the following information, if possible, along with your completed, signed, and dated application:

1) Tax number (account number from tax bill).
   047-301-03

2) Provide the name of the original property owner.
   Unknown

3) Do you have visible sewage on the surface of the ground?
   No

4) Is septic water backing up into the house -- gurgling pipes and/or slow draining toilets, etc?
   Toilets are slow to drain

5) Is there a separate wastewater line from your washing machine? Dishwasher?
   Not sure - but I think they are separate

6) Has your septic tank ever been pumped out? If so, approximately when?
   Yes about 1 month ago

7) Has there been any other type of maintenance or repair done to your system? If so, what was done, and approximately when?
   Pumped 2 years ago

8) Approximately what year was your septic system installed?
   1967 when the house was built

9) Have you had any other plumbing leaks (dripping faucets/leaking toilets, etc)?
   No - not at the present time

Upon receipt of your repair application, an Environmental Health Specialist will contact you to discuss your septic problem. If it is determined that a repair to the system is needed, you will need to contact a registered septic contractor -- if you do not know of one, check the yellow pages of your telephone directory. The contractor will, in return, contact our office to set up an appointment with an Environmental Health Specialist to meet with you on the site to assess the problem and make arrangements to repair the septic system if necessary.

By complying with our requests and supplying the needed information in its entirety, you will be helping us to serve you as quickly as possible.

Should you have questions concerning the requested information, please feel free to call us at 336-5102.
