Mr. Killman,

Per our onsite visit and conversation
, you may keep your grandfathered fence (chain link) as no excavation is involved and it presently allows for our signs to be viewed from one marker to another described by the Dept. of Transportation as marker signs are to be in line of sight.

I hope this clears up any questions referring to the fence that is presently in Colonial Pipelines Right of Way. Thank you for being the good neighbor you have been during your transition. I am always available for questions involving our landowners and our easement.

Thanks,

Alexander Gilk
