LOCATION OF PROPERTY 5925 Delta Road

The system must be installed, constructed or repaired in accordance with the Regulations of the Mecklenburg County Health Commission in effect at the time of the granting of this permit. A certificate of approval must be issued by the Environmental Health Director before the system can be covered up or otherwise rendered inaccessible for inspection. This approval is not to be construed as a guarantee that the system will perform properly or satisfactorily, nor does it relieve the owner or his agent from installing or using sufficient water fixtures, or from doing whatever may be necessary to operate the system in accordance with the Regulations.

The undersigned has inspected the individual Septic Tank System with subsurface soil absorption/effluent discharge as described above and it has been ✓ installed or constructed altered or repaired in accordance with the permit issued and the regulations of the Mecklenburg County Health Commission in effect on the date of issuance of the permit. The issuance of this Certificate of Approval does not in any way guarantee that the system will operate properly or relieve any person now or hereafter owning, controlling or using such system from any liability resulting from the failure of the system to operate properly. This Certificate of Approval is issued subject to those restrictions and conditions shown on the permit in addition to those listed below under comments. This Certificate of Approval shall be null and void if any information contained in the application is untrue or if any additions are made to the property which would increase the requirements for said system.

Comments Wash water being discharged into an open hole at the left rear corner of the house must be connected to the septic tank system. This is in violation of the law.
