On site visit revealed inadequate area to add on to existing drainfield. The Palin's discussed the option of renovating the home (interior) as they are not really concerned about adding a bedroom to have 4 but wanted to add on a new master bedroom and bath. They could take a wall out of the basement and remove the existing closet and thereby have a great room and only 3 bedrooms with the new addtional bedroom .

They will contact the office with their decision. Also, one other option would be to investigate the soils on the roadside of the lot and if they are suitable then they could pump to the additional new drainfield and have 4 bedrooms total.
