PLOT PLAN

This is to certify that soil investigation and onsite investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot as indicated on the above plot **Provisionally Suitable**

The permeability rate determined by the investigation was The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface soil absorption effluent discharge subject to the following terms and conditions:

1. A permit shall be issued prior to the actual construction of the system. It may be obtained from the Mecklenburg County Department of Environmental Health prior to the beginning of any construction of the wastewater treatment system on the said lot.
2. The size of the septic tank and the treatment system which must be installed will be determined by the Mecklenburg County Department of Environmental Health prior to the issuance of the permit. Its rate obtained above and on the design type of system which is to be constructed thereon.
3. The approval is valid only for the system installed in the immediate area of the site acceptable for system installation on the above plot.
4. This approval is void if any major change in design or construction including the grading is made from that which was performed on the lot which is the basis of this Mecklenburg County Department of Environmental Health approval indicated as acceptable for system installation. Any variance from the site plan or construction or alteration of said system must be approved by this office.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.
