PLOT PLAN

This is to certify that the above lot and the proposed sewage disposal system were evaluated by the Mecklenburg County Environmental Health Department on the date indicated. This evaluation was conducted in accordance with the rules governing the sanitary disposal of sewage. **Provisionally Suitable**

The property is hereby determined by the undersigned to be The said lot is approved for the installation of an individual septic tank with low-pressure treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

- A complete application for a sewage system installation permit must be submitted to the Mecklenburg County Department of Environmental Health for the system to be approved.
- The plot plan submitted with the application for a sewage system installation permit must be approved by the Mecklenburg County Department of Environmental Health before any construction is started.
- Any deviation from the approved plot plan may result in the system installation permit being revoked.
- Any proposed water supply must be located at least 100 feet from the proposed sewage disposal system and must be approved by the Mecklenburg County Department of Environmental Health before a sewage system installation permit will be issued.

This property is subject to the rules and regulations governing the operation of sewage disposal systems in Mecklenburg County and the rules and regulations governing the Department of Environmental Health in Mecklenburg County. Mecklenburg County Health Department will not be responsible for any sewage system failure that may occur at any time in the future. Upon completion of the system, the rules and regulations are changed such that this approval would not have been granted had the rules, regulations been in effect on the issue date.
