Mr. Jay T. Johnson
622 Catawba Avenue
Davidson, North Carolina 28036

SUBJECT: **LPSS for 622 Catawba Avenue**
CMU Project Number: **379-03-518**

Dear Mr. Johnson:

As per your request I have put together my best estimate schedule for the Low Pressure Sewer project to serve your residence at 622 Catawba Avenue.

We should receive the final plans, and design calculations from the consultant for our review in two (2) weeks. It will take us about one (1) week to review the project and make any final modifications. The consultant will take one (1) week to make changes and prepare the project for submittal to NCDENR. The NCDENR review and approval could take anywhere from 60 days to 120 days. Once approval is obtained from the State we will assign it to a contractor and have the project constructed. Construction is expected to take approximately 30 days.

With a favorable review from the NCDENR we could have the system in operation by early November.

If you have any questions or require any additional information, please contact me at 704-391-5152.

Very truly yours,
CHARLOTTE-MECKLENBURG UTILITY DEPARTMENT

Kelly J. O'Leary, P.E.
Project Manager
