RE: Request for a revision to Improvement Permit for Lot 184 at The Sanctuary: MCHD File #5563B

Arcadia Homes is requesting a revision to the Improvement Permit for the above referenced lot. The lot was previously permitted by The Sanctuary at Lake Wylie, LLC for a 7 bedroom home with a 25% reductions system with a PPBPS repair. Arcadia Homes want to permit a 6 bedroom house and a separate 2 bedroom lake house on the same lot. Mr. Bill Marlin evaluated the soils in the proposed septic areas, and he approved them at a 0.3 gpd/ft^2 LTAR.

The system has been re-flagged and the lines have been located by Arcadia Homes surveyor. There will be two different systems for each of the houses. Please review the attached site plan and system specifications for the proposed revisions to the septic system and house location. The attached sketch and specifications are not an Improvement Permit and are intended only to assist the MCHD in permitting the referenced lot at The Sanctuary.

We understand that a building permit cannot be issued until your office issues an Authorization to Construct (ATC). Arcadia Homes will apply for the ATC. **No grading shall take place on the lot prior to obtaining the ATC from the MCHD.**

Tri-County Wastewater (TCWW) is under contract to supply maintenance services for each septic system installed at The Sanctuary. TCWW will have a list of preferred septic contractors for the subdivision and will also have requirements for septic system installation that are greater than the MCHD and State requirements. It will be the responsibility of TCWW to enforce any requirements above State requirements or the MCHD conditions on the Improvement Permit.

Any additions or revisions you feel are necessary can be made on the Improvement Permit. Please call in you have and questions or comments.
