PLOT PLAN

This is to certify that a soil investigation and onsite investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot as indicated on the above plot. **Provisionally Suitable** The permeability rate determined by the investigation was **60 min/in.** The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface soil absorption effluent discharge subject to the following terms and conditions:

1. A permit must be obtained before installing the septic system. This permit is from the Mecklenburg County Department of Environmental Health prior to the construction of buildings or of the wastewater treatment system on the said lot.
2. The size of the septic tank and septic treatment system which must be installed will be determined by the Mecklenburg County Department of Environmental Health prior to issuing the permit based on the permeability rate obtained above, and on the size and type of building to be served.
3. This approval applies only to the system location in the immediate area indicated as acceptable for system installation on the above plot.
4. This approval is granted for only the particular system as described, including the soil tests performed on the lot which, in the opinion of the Mecklenburg County Department of Environmental Health, indicated as acceptable for system installation. It is the responsibility of the owner to maintain, operate and repair such system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.
