Draw in and name all roads adjoining the property. Draw in and accurately dimension the lot concerned. Accurately indicate property boundaries proposed and/or existing structures and driveways, underground utilities, and wells and springs within 100 feet of the proposed building or drainfield.

Use existing system for carport with storage room - no plumbing

COMMENTS:

- Consult Dept. of Environmental Management @ 663-1699 regarding proposed carport's proximity to well.
- Existing deck does not meet 5' horizontal separation from septic tank - therefore, the deck maybe a deterrent to routine maintenance (i.e. pumping of septic tank)

(as best as could be determined via probing)
