PLOT PLAN

This is to certify that a soil investigation and onsite investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The soil investigation was conducted on that portion of the lot as indicated on the above plat. **Provisionally Suitable** The said lot is approved for the installation of an individual domestic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A system may be installed to treat the wastewater generated in the dwelling to be constructed on the above described property. The system must be installed in accordance with the Mecklenburg County Department of Environmental Health guidelines for the installation of wastewater treatment systems in the soil at the above described location.
2. The size of the septic tank wastewater treatment system which must be installed will be determined by the Mecklenburg County Department of Environmental Health at the time application is made for the permit. The rate obtained above, and the design and type of building proposed there.
3. The approval is for the system as described in the application and as specifically acceptable for system installation on the above plat.
4. The approval is based on the soil conditions encountered during the soil investigation performed on the lot which are representative of the Mecklenburg County Department of Environmental Health guidelines indicated as acceptable for the installation of a subsurface wastewater treatment system and adequate for the proposed system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.
