PLOT PLAN

This is to certify that a soil investigation and waste water investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot as indicated on the above plot plan. **Provisionally Suitable**

The permeability rate determined by the investigation was The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface soil absorption effluent discharge subject to the following terms and conditions:

1. [illegible] the Mecklenburg County Department [illegible] wastewater treatment system.
2. [illegible] the Mecklenburg County Department of Environmental Health [illegible] above, and on the [illegible]
3. [illegible] system installation [illegible]
4. [illegible] determined on the lot which the [illegible] Mecklenburg County Department of Environmental Health [illegible] indicated as acceptable for system [illegible] initial [illegible]

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.
