PLOT PLAN

This is to certify that a soil investigation and on site investigation was made by the Mecklenburg County Department of Environmental Health of the lot described above. The soil investigation was conducted on that portion of the lot as indicated on the above plot **Provisionally**

The permeability rate determined by the investigation was **Suitable** The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A system of the type described above may be installed in the area indicated on the Mecklenburg County Department of Environmental Health approved plot plan for the construction of the wastewater treatment system on the said lot.
2. The size of the soil absorption system which must be installed will be determined by the Mecklenburg County Department of Environmental Health at the time of the permit application based on the permeability rate obtained above, and on the design type and loading rate in effect at that time.
3. The application for a permit for the system as stated in the above plot plan is acceptable for system installation on the above lot.
4. The [illegible] of the [illegible] which must be included in the plans and specifications on the basis of which the Mecklenburg County Department of Environmental Health renders the area indicated as acceptable for [illegible] and which must be adhered to during construction of the proposed wastewater system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date

PLOT PLAN

The [illegible] soil [illegible] made by the Mecklenburg County Department of Environmental [illegible]. The [illegible] was conducted on [illegible].

PROVISIONALLY SUITABLE

The permeability rate determined by the investigation is [illegible]. The said lot is approved for the installation of [illegible] tank with a [illegible] treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. [illegible] in accordance with the Mecklenburg County Department [illegible] wastewater treatment [illegible].
2. The [illegible] shall be [illegible] by the Mecklenburg [illegible] above and in [illegible].
3. [illegible] system installation [illegible].
4. [illegible] of the [illegible] Mecklenburg County Department [illegible] considered acceptable for [illegible].

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.
