PLOT PLAN

This is to certify that a soil investigation and on site inspection was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot as indicated on the above plot. **PROVISIONALLY SUITABLE**

The permeability rate determined by the investigation was . The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit to install a subsurface sewage disposal system shall be obtained from the Mecklenburg County Department of Environmental Health prior to the construction of any building that will use the wastewater treatment system on the said lot.
2. The size of the subsurface wastewater treatment system and method of installation shall be determined by the Mecklenburg County Department of Environmental Health prior to the issuance of the said Improvement permit, and on the size and type of building to be located thereon.
3. This approval is valid for one year from the date of issuance and shall become void if a permit for system installation on the above property is not obtained within that time.
4. This approval is granted for the property as described above and only for the particular use specified on the application in the manner in which, in the opinion of the Mecklenburg County Department of Environmental Health, the property is situated as acceptable for system installation. Any alteration of the installation, construction, or use of such a system

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the newer revised laws, rules, and regulations been in effect on the issue date.

TO THE BUILDING INSPECTION DEPARTMENT

APPROVAL OF LOT FOR INSTALLATION OF AN INDIVIDUAL SEPTIC TANK WITH SUBSURFACE, SOIL ABSORPTION, EFFLUENT DISCHARGE

NAME OF OWNER Erwin, (LAST) Charles (FIRST) Lewis (MIDDLE)

ADDRESS OF OWNER 10400 John Price Rd., Lot 36, Pineville, NC ZIP 28134

LOCATION OF LOT 12108 McIntosh Drive (STREET OR COUNTY ROAD)

SUBDIVISION _____ LOT NO._____ BLOCK NO._____

MAP BOOK NO._____ PAGE NO _____

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 20794. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altered, and/or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit.
