PLOT PLAN

This is to certify that a soil investigation and on site investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above and that said investigation was conducted on that portion of the lot as indicated on the above plat. **Provisionally Suitable**

The permeability rate determined by the investigation was The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit shall be obtained prior to application for construction from the Mecklenburg County Department of Environmental Health in the name of the legal owner of record at the time of the wastewater treatment system on the said lot.
2. The [illegible] wastewater treatment system which must be installed as determined by the Mecklenburg County Department of Environmental Health on the basis of the information contained in the permit application obtained above and on the site and plot plan indicated thereon.
3. The approval [illegible] system installation on the above plat.
4. The approval [illegible] the property [illegible] the plat [illegible] determined on the lot which [illegible] the Mecklenburg County Department of Environmental Health [illegible] indicated as acceptable for [illegible] would be [illegible] the construction [illegible] the system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.
