PLOT PLAN

This is to certify that the investigation and inspection made by the Mecklenburg County Department of Environmental Health on the lot described above. The soil investigation was conducted on that part of the lot designated on the above plot. **Provisionally Suitable**

The permeability rate determined by this investigation was . The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A plan of the proposed system must be submitted to and approved by the Mecklenburg County Department of Environmental Health before the construction permit for the wastewater treatment system on the said lot.
2. The septic tank and system must be located as determined by the Mecklenburg County Department of Environmental Health on the said lot in the permitted rate obtained above, and on the recommended trench depth.
3. The proposed system must be installed by a licensed septic tank installer.
4. This approval is granted subject to the issuance of a construction permit at the time of the percolation test is performed on the lot which is the property of the Mecklenburg County Department of Environmental Health under the area indicated as acceptable for system and at a minimum depth of 12 inches of soil cover over the highest point of the absorption system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

APPROVAL OF LOT FOR INSTALLATION OF AN INDIVIDUAL SEPTIC TANK WITH SUBSURFACE, SOIL ABSORPTION, EFFLUENT DISCHARGE

NAME OF OWNER Benton (LAST) Larry (FIRST) (MIDDLE)

ADDRESS OF OWNER 1911 Bonnie Lane, Charlotte, N. C. ZIP 28231

LOCATION OF LOT Fincher Blvd. (STREET OR COUNTY ROAD)

SUBDIVISION _____ LOT NO. 18 BLOCK NO. _____

MAP BOOK NO. _____ PAGE NO _____

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 13840. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and/or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit.
