PLOT PLAN

This is to certify that an investigation and onsite evaluation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot indicated on the above plot. **Provisionally Suitable**

The permanent soil limiting factor encountered by the investigation was ___. The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A plan ... shall be submitted to and approved by the Mecklenburg County Department of Environmental Health before the ... wastewater treatment system is installed.
2. The ... wastewater treatment system ... shall be determined by the Mecklenburg County Department of Environmental Health ... in accordance with the rules listed above, and in the location ... on the plot plan.
3. The ... system ... shall ... the minimum ... specified ... system installation ... the plot plan.
4. The ... shall ... in the lot which ... the ... Department of Environmental Health ... indicated as acceptable for ... and ... must ... system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is valid for at any time in the future prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.

LOCATION OF LOT Sullivan Drive & Johnson Creek Drive (STREET OR COUNTY ROAD)

SUBDIVISION Crab Orchard LOT NO 3 BLOCK NO.

MAP BOOK NO. PAGE NO.

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 13179. This approval is subject to the following terms and conditions

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and/or repaired and that the system be installed in accordance with same

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit
